### Status of HIV/AIDS in the DC Region

- ★ It is estimated that one in every 20 adults in the District of Columbia is infected with HIV. One in every 50 adults has AIDS.
- ★ DC has the highest rate of new AIDS cases per capita in the United States – a rate that is 12 times the national average.
- ★ More than 30,000 people in the Washington metropolitan region live with HIV and more than 15,000 live with AIDS.
- ★ In DC, 86 percent of all AIDS cases are among African-Americans. African-American women account for 93 percent of AIDS cases among women.
- ★ When compared to the rest of the U.S., nearly twice as many people in DC progressed to a full AIDS diagnosis within 12 months of their initial HIV diagnosis.

### How Whitman-Walker Clinic Is Addressing the Epidemic

- ★ By providing comprehensive outpatient medical services, including dental care, to over 12,000 clients.
- ★ By offering at-cost HIV/AIDS-related medications provided through an on-site pharmacy that filled more than approximately 33,000 prescriptions in 2007.
- ★ By supplying nutritional assistance through our food bank that distributed more than 7,000 bags of groceries in 2007.
- ★ By giving legal support to clients, including entitlements assistance, estate planning, discrimination litigation and more.
- ★ By offering case management services to more than 1,000 clients in 2007.
- ★ By improving mental health through counseling, addiction services and day treatment.
- ★ By administering more than 13,000 free HIV tests in 2007.
